### AROUND THE TOWN

Lent starts on Wednesday.

The Alberta Legislature will likely prorogue this week.

S. Wood paid Crossfield an important business visit, Monday.

Mr. and Mrs. Geo. Gwilt returned from Calgary on Sunday last.

Sam McGeath of Killam, Alta., was a visitor at Didsbury this week.

Harrister Macleod spent a couple of days in Calgary this week on legal business.

On Sunday evening in the Presbyterian church the first discourse on the Gospel of St. John will be given.

The double train service on the C. & E. which was expected to be re-established on Monday, has not yet been announced.

Rev. Mr. Berks, home missionary of the German Reformed Church, was a visitor at the residence of H. Sandeman in this week.

Reports so far state that there were not many cases of grain applications sent in from the Didsbury district so far. It had so many applications that they ran out of blank forms.

The annual meeting of the Didsbury Board of Trade is to be called for Friday evening, March 6th. Business of importance to the town will be brought up, and it is hoped that there will be a large turnout of members.

The missionary night at the Presbyterian church on Tuesday evening last was fairly well attended. Mrs. J. Huget and R. Glenn favored with solos, and Rev. Mr. Berks of the German Reformed Church preached an excellent sermon.

A congregational meeting of the Church of England was held on Saturday afternoon last to consider ways and means of erecting a church building. W. H. Smith, A. Cooper and R. Wright were appointed a committee to take charge of the work.

See it known to ye, one and alle, that on Tuesday, ye third daye of March, in ye year of our Lord McMVIII, at eight of ye clock, ye Guild of ye Presbyterian church will entertain ye alle if it will please ye to come to ye hall of ye manne yelet Hembeling, and bring ye lele pencil with ye.

The hockey game for the championship of Alberta between Olds and Edmonton at Lacombe on Wednesday night resulted in defeat for the Olds team, the score standing 7-3. The game was a fast and clean one from start to finish and both teams put forth every effort to win the game which was witnessed by about 1500 spectators. Olds will likely protest the game as they claim that there were two professionals in the Edmonton team. If this is the case the championship will likely go to Olds by default.

George Hong Foo of Olds was in town yesterday.

Gilmore the baker is now using Maple Leaf flour in his bread.

W. J. Jackson, the jeweler, was a visitor at Calgary this week.

Mrs. J. E. A. Macleod paid a visit to friends in Olds this week.

Sam Maley drove to Innisfail on Saturday, returning on Monday.

E. N. Ballard, manager of the Union Bank, paid a visit to Bowden on Thursday.

WANTED AT ONCE.—Young girl to do housework in family of two. Highest wages. Apply to Miss LOCKER, Didsbury.

Don't forget the box social in A. R. Ruth's building on Oiler street to-night and on the 1st of the ladies' guild of St. Cyprian's church.

The Presbyterian, Methodist, and Baptist churches did not hold services on Sunday last on account of the opening of the new Methodist church.

The Farmers' Association held a special meeting on Saturday afternoon last for the purpose of considering their Vancouver markets. The matter was left in the hands of a committee.

E. Meek returned from his visit to Ontario on Saturday last and was very agreeably surprised to find that we had no snow here after his experiences of cold and stormy weather in Ontario.

We trust our readers will pardon the unorthodox get up of the Pioneer this week. It's all the fault of the C.P.R., which failed to deliver our mail of "ready prints" now several days overdue.

Beginning on Sunday, March 8th, services will be held both morning and evening in Didsbury Presbyterian church. In the morning a study of the prophets will be taken beginning with Amos.

Mr. and Mrs. M. V. Thomson left for Yates City, Ill., on Tuesday after a visit of some months' duration with his brother-in-law, J. C. Riner. Mr. Thomson will dispose of his property in Illinois and will locate in this district as he thinks it cannot be beaten.

R. P. Walrod's auction sale on Thursday last conducted by Craig and Sexsmith, auctioneers, was very successful in every way the proceeds amounting to about \$4000. Dairy cows brought as high as \$47 per head, and horses over \$200. Mr. Walrod was more than pleased at the success which attended the sale.

About forty Didsburyites took advantage of the cheap rates and special train to Lacombe for the Olds-Edmonton hockey game on Wednesday evening. There is a good-sized kick coming to the C.P.R. for the way in which the train was conducted. Most of the cars were so cold that passengers had to sit with their fur coats on, and when the time came for lighting up the cars it was found that one had no gas, the consequence being that the passengers had to sit in darkness except for a light about the size of a lead pencil in one end of the car. Altogether it was a disagreeable journey for some of the passengers and the railroad company is wholly to blame in the matter.

## School Board.

Chairman Gaddes and Trustees  
Rupp, Weier and Hembling were the  
attendees at the regular meeting of  
the school board on Saturday night.  
Minutes of previous meeting were read  
and adopted.

On motion the chairman was au-  
thorized to appoint a committee to pur-  
chase window shades for the new  
school and he named Trustees Weier,  
Hembling and Sexsmith to attend to  
the matter forthwith. 55 curtains are  
required.

Ed & Co., Calgary, draft for \$420,  
being balance due on heating contract,  
was ordered returned along with a no-  
tice that account not be paid until  
satisfactory repairs are made to the  
boilerwork which was damaged in plac-  
ing the heating apparatus.

R. S. Whiddon of Carstairs wrote  
asking if the board would allow Sam  
Riddle and Jack Whiddon to attend  
Didsbury school until midsummer.  
Owing to an outbreak of scarlet fever  
Carstairs school was closed for a few  
weeks and the principal has decided  
that he cannot get candidates for pub-  
lic school leaving exams ready going  
to lost time, hence the desire of these  
pupils to attend the local school. On  
payment of the non-resident fees the  
pupils will be enrolled.

Accounts totalling \$265 were passed  
and ordered paid.

Trustee Hembling was allotted the  
task of securing a supply of fuel at 32  
a ton or less if possible. At present  
a mixture of Coal-oil and Lethbridge  
coal is being used.

The trustees were unanimous that  
for the purpose of instilling a proper  
spirit of loyalty into the children it was  
hardly necessary to have a flag flying  
on 25 hours wear and tear every  
day. In future it will be run up each  
morning at 8:45 and remain aloft  
until 4:15 if the weather is favorable;  
otherwise it will be lowered at 9:15.

## Methodist Church Opened.

The new Methodist church in Lack-  
nerville was dedicated to the service of  
God on Sunday last by Rev. F. H.  
Berry of High River. The services  
were most helpful both spiritually and  
financially. The church was packed  
to the doors at each service, and in the  
afternoon and evening overflow fac-  
tories were held in the Menzies  
church, and were addressed by Rev.  
F. H. Berry of High River. The services  
for all the services were furnished by  
a choir of ten voices. A large of Mrs.  
Lackner, a soloist, sang songs and  
songs of special devotion.

The cost of building the church is  
estimated at \$1,200. After the con-  
secrated and soul-stirring sermon in the  
morning address was made for funds  
by Mr. Berry and in a few minutes  
\$2000 was procured. At the afternoon  
and evening services further appeals  
were made and added to the sum of  
\$2000 and in a few minutes the funds  
up to \$1250. Dr. and Miss Lackner have  
contributed a handsome circular  
stained glass window which adorns the  
front of the church, and the organ  
which Miss Lackner is presenting to  
the church will be here in a few weeks.  
It is also hoped in a short time the bell  
will ring out its "room for all" invita-  
tion across the prairie.

On Monday evening a lecture was  
given by Rev. Mr. Berry of Olds  
which was an account of his trip to the  
Holy Land to attend the World's Sun-  
day School Convention. The proceeds  
of the lecture amounted to \$20.

The supplies for a Sunday School  
are here and it is expected that the  
school will be organized very shortly.

Following are the members of the  
Quarterly Board of Princes: Dr. A.  
J. Weart, R. Oliver, W. Hardy, Geo.  
Wills, F. H. Hunter, Stowards,  
Didsbury, F. H. Hunter, Sprague,  
W. Hardy, Berin, M. McLean,  
Sturges, Mr. Scott.

We desire to thank, through the  
medium of your paper, all who helped  
to make these services so successful,  
including those who helped with the  
singing and also those who gave up  
their church services.

A whist club with twenty members  
has been organized at Carstairs with  
Dr. Ludlow, president, and W. Don-  
levy, secretary.

The Alberta Hotel at Crossfield will  
in future be in charge of M. R. Hand-  
ley, to whom A. W. Lee has sold his  
interest in the house.

### STERN.

This winter a lot of sickness is prevailing around here. Three deaths are to be reported from here which occurred within a few weeks—two of them grown people and one a baby. But the arrival of two newcomers is to be reported. These: Each a boy to C. D. Penner and A. W. Klassen, both very happy events—in the first case a firstborn, in the other a boy after three girls. We congratulate both families.

Fred Hales has sold his stock ranch to the P. Burns Co., and intends going into the beef fattening business.

J. D. R. Loewen has accepted a position as buttermaker with D. M. Stuart of Nenah.

C. F. Toews and wife left for Manitoba. They intend to stay away about six months. His father in Manitoba has been very sick for a time and they went to visit him on his sick bed.

### TROCHU VALLEY.

Feb. 17. Since writing last week we have been blessed with some very fine weather and one heard the general remark that spring had commenced early so it seemed on Saturday last. However, to-day put a different light on the matter and we had it cold with snow—drizzling morning; the afternoon was beautiful, but still cold.

Although the ball will be over before this is sent to press, on account of poor mail service, we have noticed while passing the ballroom great trouble being taken within its walls. We must congratulate Mr. Buttrill on his enterprise and trouble, because we learn that the hall is to be well lit, heated and cordoned—the latter with lanterns and flowers. Also we must congratulate Mrs. Trochu and Mrs. Buttrill, Mrs. Eckenfelder, the Misses Trochu and Mrs. Murphy on the trouble they have taken in preparing the decorations. Mr. Carleleau, the owner of the hall, is making arrangements for the high pressure incandescent gasolene lights.

Dr. Seidler has been made a justice of the peace, and also we learn that he has purchased Mr. Crepin's house which stands in the main street of the town, east of the ballroom.

Mr. Stauffer spent the week end here. We hope he got safely back to Didsbury.

R. S. Timmis is busy with the telephone. He hopes the system will be complete by the end of this week. We regret we shall not be able to call through in to town. This will come later we hope.

P. DeBeaudrap and one of his young brothers visited the Valley yesterday.

Mr. Dawson, Mr. Benson's son-in-law, has come to live here for winter.

### GHOST PINE CREEK

All sympathize with Mr. and Mrs. Chas. Everett through the sickness and death of their little daughter, Mary, aged three weeks.

Work on the new schoolhouse of the "Sarsac Butte" district will be commenced in a short time and will be pushed forward until completed so as a summer term can be held if possible.

The chook which has been howling for the past few days has about fixed the snow and now there is neither good wheeling or sleighing. Sleighting has been fairly good most of the winter.

A movement is on foot to organize an entertainment and dramatic club, which is progressing nicely; a meeting is to be called shortly for the election of officers and reading some important papers on the subject. The benefit derived from a club of this kind is far more important than many think for, and keen interest should be taken in its welfare.

Mr. and Mrs. E. Deering have closed their restaurant at Three Hills and returned here and will spend the summer on the housestead.

Robert Cook is getting logs to build an addition to his house.

We have a long list of hachelors who are working hard this winter with a smile that is solid preparing to build larger houses early in the spring. Will someone please come forward and explain the cause?

A social was given at the home of Mr. and Mrs. J. H. Young on the 21st, a large crowd was present and all had a most pleasant time, games, music, singing and recitations being the order of the evening after which the guests departed thanking their hosts for their hospitality.

W. A. Cunningham has sold a bunch of cattle, team, wagon and other small articles to Robt. Topping.

Eustice Ferrey has gone to his home in England for a few months holidays.

While taking some lumber out of an old well Thos. Robinson fell sixteen feet to the bottom which rendered him unconscious for some time. He was badly bruised and it was a miracle that

he was not hurt worse as the well is 68 feet deep and it was some time before he could be taken out. He is now able to get about after his terrible experience.

### L. I. D. 16-B-5

A special meeting of L. I. D. 16-B-5 Council was held last week for the purpose of receiving applications for seed grain.
